Rune:

Alternatively, I would be willing to use the first chart at

<http://fractionalflow.com/2012/05/31/verdens-oljeforsyning-en-oppdatering-mai-2012/>

or an update to same.

Please let me know if you will be able to grant permission.

Cheers,

Matt

=====

Rune:

In your article at

<http://www.theoildrum.com/node/8162>

there is a figure that I'd like to use in an upcoming book that I'm writing with co-authors (copied). The book is called "Beyond GDP: National accounting in the age of resource depletion," and it is to be published with Springer.

Can you grant permission for me to use the first chart in that article in my book?

Please let me know.

Cheers,

Matt
